Meet Tina...

As one of the founding members of the Parelli Faculty, Tina was privileged to be chosen to live and teach at the Parelli centers in Florida and Colorado under the tutelage of Linda and Pat Parelli. For the two years

Tina was on Faculty, she led the "Fluidity I-Freestyle Riding" and the "Fluidity II – Finesse Riding" courses and was a member of the support team for the "Liberty and Horse Behavior" course.

Tina's goal as an Instructor is to help horses and humans develop a harmonious relationship in whatever discipline they are involved. She brings her

passion for teaching as well as the experiences and insights she gained as a Faculty member to all of her clinics.
